

ENGLISH FIREPLACES

...Hand Carved Fireplaces, Baskets, Grates & Hearths

About English Fireplaces

English Fireplaces offers a full range of hand carved marble, limestone and sandstone fireplaces that combines the finest quality with great value. Furthermore they never forget that the fireplace is usually the central defining point of the room.

English Fireplaces are experienced, friendly and knowledgeable - completely committed to offering you a service unrivalled in the fireplace industry. The company guides you from your initial enquiry through the whole range of design considerations and technical constraints to overseeing the final installation of your fireplaces and you can trust their guarantee of 100% satisfaction.

English Fireplaces are hand carved from purely natural materials to produce pieces of great elegance and beauty. Whether the company's master masons are creating authentic replicas of period designs, or something far more contemporary, they are utilising crafts and techniques first developed in fireplace creation during the 17th and 18th centuries.
