

Environmental Street Furniture (ESF)

... Street Furniture, Exterior Lighting, and Play Equipment

About ESF

Environmental Street Furniture is the UK and Ireland's leading suppliers of street furniture, exterior lighting and indoor and outdoor play equipment.

Environmental Street Furniture has been supplying quality exterior products for almost 20 years. The company's products have been used in many prestigious as well as functional projects and they are proud of the reputation they have established for excellence and innovation while maintaining their social responsibility for the environment.

The **Signature Collection** features products that can blend in with the landscape so that the natural beauty of the streetscape can inspire the imagination and the street furniture adds to the quiet serenity of a naturally themed project.

The **ESF Sustainable Collection** developed by Environmental Street Furniture offers significant commercial, technical and environmental benefits when compared to traditional street furniture solutions.
