

STANNAH LIFTS

... Lifts, Escalators and Moving Walkways

About Stannah Lifts

Stannah Lifts designs, manufactures and installs a comprehensive range of passenger and platform access lifts. Stannah's fully automatic Maxilift and Xtralift passenger lifts are perfect for all users in low to medium rise buildings. Their vertical and inclined platform lifts, Midilift and Stairiser, can be installed internally and externally to provide special access for disabled people.

When it comes to moving anything from hot plates to heavy goods pallets, Stannah provides the solution. The Microlift is Europe's most popular dumb waiter, for loads from 50-100kg. The Trolleylift and Goodsmaster ranges carry loads from 100-1500kg. All of Stannah's goods lifts help their customers to meet the requirements of the Manual Handling Regulations.

Stannah Lifts network of service branches provide local maintenance and repair for lifts from all manufacturers, 24 hours a day, 365 days a year. The company's highly-trained lift and stairlift engineers also undertake lift refurbishments, and supply and install bespoke lifts, escalators
