

Tekadoor Ltd  
... Air Curtains and Air Conditioning

# About Tekadoor

Since their foundation in 1981 Tekadoor has developed and built high quality Air Curtains with high functionality, comfort and service friendliness. The company has continually strived to provide the optimal solution for their customers. This includes developing many new product innovations.

Today Tekadoor is the leading manufacturer of Air Curtains and their strong market position is primarily due to the company's balanced price-performance ratio.

With the aim of saving energy and energy loss, Tekadoor offers their customers the highest level of climate comfort in the entrance areas of buildings and shops.
